PROFESSIONAL SUMMARY

- Frontend Developer with 4.5 years of experience in building scalable and user-centric web applications.
- Strong proficiency in JavaScript, HTML5, and CSS3 for developing dynamic, responsive, and high-performance interfaces.
- Deep understanding of responsive design, browser compatibility, and accessibility standards including WCAG guidelines.
- Experienced in creating reusable and modular UI components to improve application scalability and maintainability.
- Skilled in delivering seamless user experiences across multiple devices and platforms using modern frontend technologies.
- Familiar with Agile methodologies and experienced in using Jira and Azure DevOps for project planning and tracking.
- Proficient in Git-based version control systems and collaborative development workflows.

PROFESSIONAL EXPERIENCE

RM Education Solutions India Pvt Ltd

July 2021 - December 2025

Project: Assessment Master

Technologies : Javascript, jQuery, XML, SCSS

Environment : Visual Studio Code , Git

- Developed a robust, multi-grade online student assessment platform with features for creating questionnaires and testlets.
- Built functionalities to conduct exams and manage secure student logins.
- Focused on front-end development using JavaScript and jQuery to create interactive and dynamic user interfaces.
- Designed responsive, user-friendly interfaces and ensured accessibility by adhering to WCAG standards for inclusive learning.
- Implemented cross-browser compatibility to deliver consistent performance across different browsers.
- Developed reusable UI components to maintain scalability and streamline development.

Project: AOS/Aurora

Technologies : ReactJS

- Contributed to the frontend development of the Marker Module using React within AOS / Aurora, an online assessment platform used by universities for assessment management and evaluation.
- Developed and maintained reusable React components for report listing, report details, search and filtering, status indicators, and evaluation workflows.
- Implemented features that enabled markers to review and analyse invigilator reports generated during online examinations and record evaluation outcomes.
- Worked on enhancements, bug fixes, and UI improvements to deliver a seamless and efficient review experience.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3/SCSS, TypeScript.
- **Frameworks & Libraries:** React.js, Node.js, jQuery, Bootstrap, Tailwind CSS.
- **Testing & Tools:** Git, Jira, Azure DevOps.
- **Design & Implementation:** Responsive Design, WCAG, Cross-Browser Compatibility.

EDUCATION

- Master of Computer Application : 2017- 2019
Institution : st.Joseph's college of Engineering and Technology, Palai
University : APJ Abdul Kalam Technological university
- Bachelor of Computer Application : 2014 - 2017
Institution : CMS College, Kottayam
University : Mahatma Gandhi University
- Plus Two : 2012 - 2014
Institution : Technical Higher Secondary School, Kottayam
- SSLC : 2012
Institution : Mount Carmel GHSS, Kottayam
